Journey So Far

We all are foodies when it comes to eating different tasty snacks, but do all of them are good for our health? Undoubtedly not.

With the same vision, the founders have decided to come up with the snacking range which does not only have delicious taste but it is also healthy with low calorie. That's why KMA's range of traditional snacks have been introduced.

Started as a small unit in 2011, KMA's is becoming a well-known name in food industry with a strong Distribution network in India and exporting products around the Globe.

We are on the mission to make the world more healthy place with serving the delicious range of KMA snacks to every well-being store and family in the India and around the Globe. We are firm that is continually developing and seeking potential partners who can join us in our mission.
