Who we are ?

Founded in 2010, Krish Bhog is a family-run company led by Mr. Narendra Kalidas Patel, who has over two decades of business experience. With a deep love for Gujarati cuisine, we started by serving the rural catering market in Surat. Over the years, we've grown into one of the region's most famous brands for traditional snacks, and sweets. Our 7,000 sq. ft. facility uses modern equipment and technologies. However, we stay true to our heritage by maintaining authentic flavors.

What we do ?

We specialize in exporting a broad range of Gujarati delights, such as sweets, namkeen snacks, frozen foods, bakery items, crackers, a lot more. Our team blends the traditional recipes with modern packing and preservation techniques like Freeze Drying to keep the taste maintained. This allows us to send our fresh-tasting treats around the globe to places like the USA, Gulf countries, UK, Australia, Canada, and beyond. We're always finding ways to share our flavors with the world!

Since 2009

Our Mission

At Krish Bhog, our mission is to share the true taste of Gujarat with the world. We focus on making traditional snacks and sweets that preserve authentic flavors. We use the best ingredients to bring joy to every plate of tasty Gujarati dishes that we serve. We also believe in maintaining the highest standards of hygiene. Thus, our mission is to spread happiness through real Gujarati cuisine, and connect people and cultures with the delicious traditional Gujarati dishes.

Our Vision

We dream of becoming a global name known for delivering Gujarat's traditional flavors. By 2026, our plan is to open 20 franchise outlets. Also, we plan to expand our factory to a huge 40,000-square-foot area that will boost our production. Our goal is to export most of our snacks and sweets to many different countries and cultures. We want Krish Bhog to stand out as a trusted name that celebrates tradition, and taste for generations to come.

CRISPY FARSAAN DELIGHTS

स्वाद KA MAGIC, जिंदगी HO FANTASTIC

"ગુજરાતી નાસ્તો: સ્વાદ અને સંસ્કૃતિનું પરિચય"

Fafda is a beloved Gujarati snack. It is light, and crispy, made from chickpea flour (besan) and a blend of mild spices. It's rolled thin and fried to crispy perfection. Fafda is served with tangy raw papaya chutney. Also, it is sometimes paired with hot jalebis, which makes it double tasty. This dish is often enjoyed in festivals like Dussehra. Fafda is a go-to snack that's served in both events and everyday cravings too. Fafda always offers a hearty bite of Gujarat's vibrant culinary tradition no matter whether you're having it at a busy street stall or enjoying it with friends and family at home.
